

Poster Session and Tradeshow

9:00 AM - 11:45 AM, Gateway Hotel and Event Center

POSTER TITLE	Author (*Student)	Page Number
Genomic sex determination of Pacific Herring	Almgren, Sydney*	71
The fish that saw the 20th Century – A 121 year old yelloweye rockfish	Baldwin, Aaron	55
How do the life history traits of black rockfish (<i>Sebastes melanops</i>) vary from central California to the Gulf of Alaska?	Bargas, Madison*	72
Synthesis of Ancient and Ongoing Hybridization of Whitefish Species in Beringia	Carter, William	80
Understanding Climate Change Impacts on Subarctic Lakes: Insights from Long-Term Monitoring in Katmai and Lake Clark National Parks, Southwest Alaska	Dunkle, Matthew R	73
Western Division American Fisheries Society and You!	Fethermen, Eric	79
Environmental Drivers of Production Across Gulf of Alaska Mariculture Sites	Greene, Sierra*	71
Current State of Environmental DNA (eDNA) Research in Alaska	Harings, Maggie*	79
Nick Dudiak (Homer Spit) Fishing Lagoon	Hauser, Bill	70
The effects of water temperature and heat stress on juvenile Chinook <i>Oncorhynchus tshawytscha</i> and Coho Salmon <i>Oncorhynchus kisutch</i> growth in the Deshka River watershed	Hermus, J.H.	84
Are we measuring the right things to inform stream restoration in Interior Alaska?	Keller, Dakota*	78
Two-Eyed Seeing in Fisheries Workshop: Lessons Learned	Lee, Madeline	72
Elders Warnings	Moncrieff, Catherine	76
What happens on the Yukon River leaves genetic traces; analysis of eDNA samples from a thousand mile canoe expedition	Nelson, Lillian*	70
Resurrection Creek Stream Restoration	Pearson, David	73
Ocean Acidification Monitoring in Alaska's coastal communities through community sampling	Ramsay, Jacqueline	82
Burbot Population Assessments in Lakes of the Upper Yukon/Tanana River Drainages	Sarafin, David	81
Abundance and Run Timing of Adult Salmon in Tanada Creek	Sarafin, David	81
Effects of climate and fish abundance on the condition of juvenile steelhead trout	Srebniak, Emma*	74
The Fish Barrier Hunter: A rapid culvert assessment survey	Stevens, Andy	82
Applying an integrated population model to understand marine processes affecting Western Alaskan Chum salmon productivity	Sullaway, Genoa*	75
Effects of Watercraft Wakes on Shoreline Erosion, and Potential Impacts for Salmon at Big Lake, Alaska.	Wilson, Elias*	77
Use of multi-step serial sectioning histology for assessing <i>Ichthyophonus</i> infections in Yukon R. Chinook salmon <i>Oncorhynchus tshawytscha</i>	Woitel, Franklin	83
