The Fish Health Section provides a home for AFS members with an interest in aquatic animal health.

### What we do:

Give fish biologists, diagnosticians, researchers, aquaculturists, veterinarians, administrators, and others a platform for aquatic animal health safe-guards, problems and practices.

## FISH HEALTH SECTION

### Award and Funding Opportunities

#### What we offer:

- S.F. Snieszko Distinguished Service Award
- Snieszko Student Travel and Best Student Paper Awards
