37TH ANNUAL EASTERN FISH HEALTH WORKSHOP - see attached 37 EFHW title form, abstract-presentation directions and registration forms

High Peaks Resort, Lake Placid, New York
23 - 27 April 2012

AQUAVET® I – see attached AQV1_announcement

COURSE ANNOUNCEMENT

May 27 to June 23, 2012

We are pleased to announce that AQUAVET® I – An Introduction to Aquatic Veterinary Medicine will be offered by AQUAVET® in 2012. The course is designed for veterinary students and veterinarians who have an interest in applying their veterinary training to aquatic animals. The course will be presented again this year at Roger Williams University in Bristol, Rhode Island. Bristol is a picture perfect New England town about 20 minutes from Newport. The course dates are May 27 to June 23, 2012 inclusive. Arrival and the start of classes is May 27th and departure is June 23rd. The fee for the 4-week course INCLUDES tuition and room and board. It is \$1,975 for full-time veterinary students and \$3,375 for veterinarians. Through the generosity of a program benefactor, a \$200 scholarship will be applied to partially offset the fee for all full-time veterinary students resulting in a net tuition of \$1,775 for the accepted full-time veterinary students this year.

In addition, we anticipate a limited number of summer research opportunities during an 8-week period following the course. Students selected as AQUAVET® Summer Research Fellows pay no tuition for the 8 weeks of the research program itself and will be reimbursed for room and board expenses. In addition, research students will receive a stipend of \$1500 for the research period. At least one Fellowship will be restricted to aquaculture related projects.

Detailed information about the course is available on our website. Applications for admission are due by January 14, 2012. The application is available on our website. You will receive an e-mail acknowledging receipt of your completed application.

AQUAVET® II - see attached AQV2_announcement

COURSE ANNOUNCEMENT

May 27 to June 9, 2012

We are pleased to announce that an advanced course in Comparative Pathology of Aquatic Animals will be offered by AQUAVET® in 2012. The course will be oriented toward the pathology of vertebrates and invertebrates commonly used as laboratory animals, encountered in display aquaria, and of importance to aquaculture enterprises.

Representative species for each category will serve to demonstrate features of commonly observed diseases. The course is designed for veterinary students and veterinarians who have participated in AQUAVET® I or have had comparable experiences in aquatic animal medicine and pathology.

The course will be presented again this year at Roger Williams University in Bristol, Rhode Island. Bristol is a picture perfect New England town about 20 minutes from Newport. The course dates are May 27 to June 9, 2012 inclusive. Arrival and the start of classes is May 27th and departure is June 9th. The fee for the 2-week course INCLUDES tuition and room and board. It is \$1,125 for full time veterinary students, and \$1,850 for veterinarians. In addition, we anticipate a limited number of summer research opportunities during an 8- week period following the course. Students selected as AQUAVET® Summer Research

Fellows pay no tuition for the 8 weeks of the research program itself and will be reimbursed for room and board expenses. In addition, research students will receive a stipend of \$1500 for the research period. At least one Fellowship will be restricted to aquaculture related projects.

Detailed information about the course is available on our website. Applications for admission are due by January 14, 2012. The application is available on our website. You will receive an e-mail acknowledging receipt of your completed application. Please visit our website at: www.aquavet.info
