# SECTION 1: Identification

## 1.1. Identification

<table>
<thead>
<tr>
<th>Product form</th>
<th>Mixture</th>
</tr>
</thead>
<tbody>
<tr>
<td>Trade name</td>
<td>Noxfish Fish Toxicant II</td>
</tr>
<tr>
<td>Synonyms</td>
<td>PMRA # 33247; RF2232 LIQUID FT</td>
</tr>
</tbody>
</table>

## 1.2. Recommended use and restrictions on use

**Recommended use**: Piscicides.

**Restrictions on use**: Keep out of reach of children. Avoid inhalation of vapors or fumes. Use in well ventilated area. Avoid all contact with skin, eyes, or clothing.

## 1.3. Supplier

Wellmark International, dba Central Life Sciences  
1501 East Woodfield Road, Suite 200 West  
Schaumburg, IL 60173  
www.zoecon.com

## 1.4. Emergency telephone number

**Emergency number**: 1-800-248-7763  
1-800-424-9300 - CHEMTREC  
1-703-527-3887 - CHEMTREC - Outside North America - Collect Calls Accepted

# SECTION 2: Hazard(s) Identification

## 2.1. Classification of the substance or mixture

<table>
<thead>
<tr>
<th>GHS-US classification</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Acute toxicity (oral)</td>
<td>Toxic if swallowed</td>
</tr>
<tr>
<td>Category 3</td>
<td></td>

## 2.2. GHS Label elements, including precautionary statements

**GHS-US labeling**

**Hazard pictograms (GHS-US)**:  
![GHS pictograms](image)

**Signal word (GHS-US)**: Danger

**Hazard statements (GHS-US)**:  
- Toxic if swallowed  
- May be fatal if swallowed and enters airways  
- Causes eye irritation  
- Fatal if inhaled  
- May cause respiratory irritation  
- May cause drowsiness or dizziness  
- Suspected of causing cancer

**Precautionary statements (GHS-US)**:  
- Obtain special instructions before use.  
- Do not handle until all safety precautions have been read and understood.  
- Do not breathe dust/fume/gas/mist/vapors/spray.  
- Wash hands, forearms and face thoroughly after handling.  
- Do not eat, drink or smoke when using this product.  
- Use only outdoors or in a well-ventilated area.  
- Wear protective gloves/protective clothing/eye protection/face protection.  
- If swallowed: Immediately call a poison center or doctor.  
- If inhaled: Remove person to fresh air and keep comfortable for breathing.  
- If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
If exposed or concerned: Get medical advice/attention. Immediately call a poison center or doctor. Rinse mouth. Do NOT induce vomiting. If eye irritation persists: Get medical advice/attention. Store in a well-ventilated place. Keep container tightly closed. In case of inadequate ventilation wear respiratory protection. Store locked up. Dispose of contents/container to in accordance with local/regional/national/international regulations.

2.3. Other hazards which do not result in classification

Other hazards not contributing to the classification: This product is extremely toxic to fish and other aquatic organisms. Under United States Regulations (29 CFR 1910.1200 - Hazard Communication Standard), this product is considered hazardous.

2.4. Unknown acute toxicity (GHS US)

Not applicable

SECTION 3: Composition/Information on ingredients

3.1. Substances

SECTION 4: First-aid measures

4.1. Description of first aid measures

First-aid measures general: Call a physician immediately.
First-aid measures after inhalation: IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a physician immediately. Call a POISON CENTER or doctor/physician if you feel unwell.
First-aid measures after skin contact: IF ON SKIN: Wash with plenty of soap and water. If skin irritation or rash occurs: Get medical advice/attention.
First-aid measures after eye contact: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice and attention.
First-aid measures after ingestion: IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell. Rinse mouth. Call a physician immediately. Do not induce vomiting. Do NOT induce vomiting unless directed to do so by medical personnel.

4.2. Most important symptoms and effects (acute and delayed)

Symptoms/effects: May cause drowsiness or dizziness.
Symptoms/effects after inhalation: Fatal if inhaled. Causes dizziness or drowsiness if inhaled at non-lethal doses. Causes respiratory irritation if inhaled at non-lethal doses.
Symptoms/effects after eye contact: Mild eye irritation.
Symptoms/effects after ingestion: Toxic if swallowed. Risk of lung edema.
Chronic symptoms: May cause cancer.

4.3. Immediate medical attention and special treatment, if necessary

Contains petroleum distillate vomiting may cause aspiration pneumonia. Treat symptomatically.

SECTION 5: Fire-fighting measures

5.1. Suitable (and unsuitable) extinguishing media

Unsuitable extinguishing media: Avoid heavy hose streams.

5.2. Specific hazards arising from the chemical

Reactivity: The product is non-reactive under normal conditions of use, storage and transport.
5.3. Special protective equipment and precautions for fire-fighters

Firefighting instructions: Do not allow fire fighting water to escape into waterways or sewers. LARGE FIRES: Move containers from fire area if you can do it without risk. Ventilate closed spaces before entering. Do not breathe gas/fumes/vapor/spray. Keep unauthorized personnel away.

Protection during firefighting: Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

6.1.1. For non-emergency personnel

Emergency procedures: Do not breathe dust/fume/gas/mist/vapors/spray. Only qualified personnel equipped with suitable protective equipment may intervene.

6.1.2. For emergency responders

Protective equipment: Do not attempt to take action without suitable protective equipment. For further information refer to section 8: Exposure controls/personal protection.

Emergency procedures: As an immediate precautionary measure, isolate spill or leak area for at least 50 meters (150 feet) in all directions. Do NOT wash away into sewer. Avoid release to the environment. Evacuate unnecessary personnel. Stay upwind. Stop leak if safe to do so. Wear appropriate personal protective equipment, avoid direct contact.

6.2. Environmental precautions

Avoid release to the environment. Do not allow runoff into water, storm drains or drainage ditches.

6.3. Methods and material for containment and cleaning up

Methods for cleaning up: Absorb spills with an inert material, clay granules or other inert absorbent material and put in container for disposal. Do not flush to sewer or allow to enter waterways. Wear appropriate personal protective equipment, avoid direct contact. Notify authorities if product enters sewers or public waters.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Precautions for safe handling: Do not handle until all safety precautions have been read and understood. Wear personal protective equipment. Use only outdoors or in a well-ventilated area. Do not breathe dust/fume/gas/mist/vapors/spray. Avoid contact with skin and eyes.

Hygiene measures: Do not eat, drink or smoke when using this product. Always wash hands after handling the product.

7.2. Conditions for safe storage, including any incompatibilities

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

</table>
**8.2. Appropriate engineering controls**

Appropriate engineering controls: Adequate ventilation systems as needed to control concentrations of airborne contaminants below applicable threshold limit values.

Environmental exposure controls: Avoid release to the environment.

**8.3. Individual protection measures/Personal protective equipment**

**Hand protection:**
Wear chemical resistant gloves made out of barrier laminate, nitrile rubber ≤ 14 mils, neoprene rubber ≤ 14 mils or Viton ≤ 14 mils or equal to 14 mils or Viton ≤ 14 mils or equal to 14 mils.

**Eye protection:**
Wear chemical splash safety goggles. Safety glasses.

**Skin and body protection:**
Coveralls, over long-sleeved shirt and long pants.

**Respiratory protection:**
Mixers loaders, applicators and other handlers (except pilots): wear a NIOSH approved particulate respirator with any N, R or P filter with NIOSH approval prefix TC-84A or NIOSH approved powered air purifying respirator with HE filter with NIOSH approval prefix TC-21C. Wear respiratory protection. In case of insufficient ventilation, use NIOSH approved respiratory protection.

**SECTION 9: Physical and chemical properties**

**9.1. Information on basic physical and chemical properties**

- **Physical state:** Liquid
- **Appearance:** Clear amber liquid
- **Color:** Amber
- **Odor:** Strong, unpleasant, petroleum gas-like
- **Odor threshold:** No data available
- **pH:** 6.87 @ 23.4°C
- **Melting point:** Not applicable
- **Freezing point:** No data available
- **Boiling point:** No data available
Noxfish Fish Toxicant II
Safety Data Sheet

Flash point : 112ºC (233.6ºF)
Relative evaporation rate (butyl acetate=1) : No data available
Flammability (solid, gas) : Not applicable
Vapor pressure : No data available
Relative vapor density at 20 ºC : No data available
Relative density : 1.0336 g/ml @ 20ºC
Solubility : Insoluble
Log Pow : No data available
Auto-ignition temperature : No data available
Decomposition temperature : No data available
Viscosity, kinematic : No data available
Viscosity, dynamic : <20 cPs @ 25ºC
Explosion limits : No data available
Explosive properties : Not explosive
Oxidizing properties : Not applicable

9.2. Other information
No additional information available

SECTION 10: Stability and reactivity

10.1. Reactivity
The product is non-reactive under normal conditions of use, storage and transport.

10.2. Chemical stability
Stable under normal conditions.

10.3. Possibility of hazardous reactions
No dangerous reactions known under normal conditions of use.

10.4. Conditions to avoid
Heat, sparks, open flame. Excess heat. Protect from sunlight. Do not freeze.

10.5. Incompatible materials
Strong acids. Strong oxidizing agents.

10.6. Hazardous decomposition products
Under normal conditions of storage and use, hazardous decomposition products should not be produced.

</tr>
<tr>
<td>LC50 Acute crustacea 1</td>
<td>230 mg/l (Exposure time: 48h - Daphnia magna)</td>
</tr>
</tbody>
</table>

#### 12.2. Persistence and degradability

**Rotenone (83-79-4)**

Rotenone is not persistent in the environment and its low vapor pressure (6.9x10-10 torr) and Henry’s Law constant (1.1x10-13 atm-m3 mol-1) limit its volatility. If released to water, rotenone generally degrades quickly through abiotic (hydrolytic and photolytic) mechanisms.

#### 12.3. Bioaccumulative potential

**Rotenone (83-79-4)**

<table>
<thead>
<tr>
<th>Log Pow</th>
<th>4.1</th>
</tr>
</thead>
</table>

Rotenone has a relatively low potential for bioconcentrating in aquatic organisms.

#### 12.4. Mobility in soil

**Rotenone (83-79-4)**

Rotenone is mobile to moderately mobile in soil and sediment with a half-life of a few days to several weeks or longer depending on water temperature.

#### 12.5. Other adverse effects

**Noxfish Fish Toxicant II**

| Ecological Fate | This product is extremely toxic to fish and other aquatic organisms. |

This product is extremely toxic to fish and other aquatic organisms.

Listed on the United States TSCA (Toxic Substances Control Act) inventory

Naphthalene (91-20-3)
Listed on the United States TSCA (Toxic Substances Control Act) inventory
Subject to reporting requirements of United States SARA Section 313

CERCLA RQ 100 lb
SARA Section 313 - Emission Reporting 0.1 %

PMRA Labelling
PMRA Registration Number PMRA # 33247
PMRA INFORMATION: This chemical is a pesticide registered by the Pest Management Regulatory Agency and is subject to certain labeling requirements under the Pest Control Products Act.

PMRA Pictogram
PMRA Signal word Danger
PMRA Precautionary Statement KEEP OUT OF REACH OF CHILDREN.

PMRA Hazards to Humans and Domestic Animals
TOXICOLOGICAL INFORMATION:
Contains petroleum distillate - vomiting may cause aspiration pneumonia. Treat symptomatically. KEEP OUT OF REACH OF CHILDREN. Fatal or poisonous if swallowed. May be harmful if absorbed through skin. Fatal if inhaled. Causes eye and skin irritation. DO NOT inhale sprays or vapours. Do not get in eyes, on skin or on clothing. In case of contact, wash immediately with soap and water. Wash all contaminated clothing with soap and hot water before reuse. Avoid contamination of feed and foodstuffs. Apply this product only as specified on this label. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not allow recreational access (e.g., wading, swimming, boating and fishing) to treated areas while rotenone is being applied. Do not allow swimming or wading in treated water for 72 hours after last application. Wear chemical-resistant coveralls over long-sleeved shirt and long pants, chemical-resistant gloves, socks and chemical-resistant footwear, goggles or face shield, and either a respirator with a NIOSH-organic-vapour-removing cartridge with a prefitter approved for pesticides or a NIOSH-approved canister approved for pesticides during mixing, loading, application, clean-up and repair.
FIRST AID:
IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.
IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.
IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.
IF IN EYES: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and PCP Registration Number with you when seeking medical attention.

PMRA Environmental Hazards
Toxic to aquatic organisms.
