

# **1<sup>st</sup> call for Oral & Poster Presentations!**

**Abstract Deadline – March 1<sup>st</sup> 2020**

## **2nd Annual TN-AFS Chapter Symposium**

The Tennessee Chapter of the American Fisheries Society will be hosting a special symposium session with select talks focusing on “Emerging Issues and Past Lessons Learned”. The 2020 symposium talks will raise awareness of new threats to fisheries and conservation in Tennessee (or nearby states). Presentations highlighting past issues of high importance and solutions and lessons learned are also encouraged. We hope for a diversity of submissions from agency, NGO, and university members so we can raise awareness of resource challenges.

We strongly encourage submissions to be included in this symposium but the meeting will also feature presentations outside the scope of the topic.

### **Abstract Submission**

Please submit your abstract as a MS Word document to [mwrogers@tntech.edu](mailto:mwrogers@tntech.edu). Please follow these instructions for submission:

In the email subject line, please enter TNAFS2020: followed by the author names in your abstract (e.g., TNAFS2019 PruittSmartMullen)

Use the same name for the abstract file (e.g.,TNAFS2020 PruittSmartMullen).

Please include the associated information requested above with the abstract.

### **Presentation Details**

Speakers will be given 15 minutes for talks (including time for questions and/or discussion). We will have a PowerPoint on a laptop to accept your presentation on a flashdrive or other device.

Contact President-Elect, Mark Rogers, [mwrogers@tntech.edu](mailto:mwrogers@tntech.edu) with any questions.
