

Texas Chapter, American Fisheries Society  
Newsletter, #16  
May, 1980

The 5<sup>th</sup> Annual Meeting of the Texas Chapter of the AFS has been scheduled for Saturday, September 27, 1980 at the University of Texas at Arlington.

Charles Inman, Program Chairman, is currently soliciting titles of papers dealing with any aspects of Texas Fisheries. Titles and abstracts of all papers to be presented should be submitted by June 29 to:

Charles Inman  
Texas Parks and Wildlife Department  
2205 Suanne Drive  
Tyler, Texas 75701

Although it is encouraged that all papers presented at the meeting be submitted for publication in the Transactions of the Texas Chapter, it is NOT required that papers presented be submitted for publication. Those papers which are prepared for publication in the Transactions of the Texas Chapter must conform to the "Instructions for Manuscript Preparation," which is attached. Deadline for submission of manuscripts is August 1, 1980. This deadline will allow time for editorial manuscripts to be made in time for the manuscripts to be returned to authors before the September 27 meeting.

The following committee reports were received from committee chairmen:

Secretary-Treasurer – Currently the Texas Chapter has 119 members. This is similar to last year's membership. \*(See end of newsletter for list of newest members which were not on the latest membership list sent out)

The current balance of the Texas Chapter Bank account is \$202.40. Printing and postage cost of our proceedings has been paid. This is our major expense for the year.

Awards Committee – Dr. Clark Hubbs indicates no nominations for Outstanding Fishery Workers for 1980 have been received. He encourages everyone to submit nominations as soon as possible. As stated in the last newsletter, nomination categories include Culture, Management, Research, Education, and Special Non-member or Member. Any member can recommend an individual for the award of "Outstanding Fishery Worker of Texas for 1980," but the recipient must be a member of the Texas Chapter, AFS except in the Special Award Category (Attached II). Anyone desiring further information and nominating forms should contact: Clark Hubbs, Department of Zoology, University of Texas at Austin, Austin, Texas, 78712. Please take time now and nominate a deserving fishery worker.

Nominating Committee – Nick Carter reported the committee is in the process of selecting nominees. Letters have been sent to committee members for suggestions, and a few people have been questioned on their willingness to serve.

Farm Pond Management Committee – This committee met April 22, 1980. All members were in attendance. They are Monty Millard, USFWS; Bill Rutledge, TP&WD; Don Steinbeck, TAES; and Gary Valentine, SCS. The committee discussed comments on proposed stocking recommendations received from the membership since the last newsletter. The Chapter committee decided to expand the stocking recommendations by adding 2 major sections – (1) important characteristics of ponds that determine stocking and management and, (2) advantages of stocking certain fish species in ponds. Each committee member will draft a new section, and the committee plans to meet again in mid-July.

Publicity Committee – The Publicity Committee (Chairman Clell Guest) did an excellent job of getting out publicity on the 1979 Outstanding Fishery Worker Award recipients. In addition, the committee notified the editor of Fisheries of our annual meeting to be held at Texas A & M.

\*Additions to Membership List:

Engelhardt, Ted, P.O. Box 68, Lewisville, TX 75067  
Hawks, Steve, 332 Lyons Street, Lawrence, KS 66044  
Kolb, Joe, 4523 Larch Lane, Bellaire, TX 77401  
Millard, Monte, 907 Hillyer, San Marcos, TX  
Phillips, Robert W. 133 W. Concho Suite 102, San Angelo, TX 76903  
Tilton, John, Texas Utilities Serv. Inc., Dallas, TX 75201  
Whitmore, Don, Biology Dept., Univ. of Texas at Arlington, Arlington, TX 76019

ATTACHMENT I

Guidelines for Authors Contributing to the Fisheries Sessions of the  
5<sup>th</sup> Annual Meeting, Texas Chapter - - American Fisheries Society

University of Texas  
Arlington, Texas  
September 27, 1980

- A. All manuscripts and illustrations must adhere to standards as set forth in "Instruction for Manuscript Preparation" published by the Southeastern Association of Game and Fish Commissioners (inside front and rear covers, Proceedings of the 28 Annual Conference, Southeastern Association of Game and Fish Commissioners) - Copy of the following page.
- B. Authors must adhere to the schedule of deadlines:
1. 29 June 1980 - 1 copy of the title and abstract (no more than 1 page) must be received by the program chairman. Notification of acceptance on program will be made within 2 weeks.
  2. 1 August 1980 - 3 copies (do not send original manuscript) of manuscript must be received by the editorial committee chairman prior to 5:00 p.m. 1 August 1980 (Dr. Jim Davis). Manuscripts received after 1 August will be returned to the author. The editorial board will review all manuscripts and may seek additional review by specialists on the topic.
  3. 10 September 1980 - The edited manuscripts and notification of acceptance for publication will be mailed to all authors by the chairman of the program committee. This will give the authors about 20 days to revise their manuscripts prior to the meeting.
  4. Authors must submit to the Program Committee Chairman (a) the original and (b) five copies of the manuscript at the meeting. Note: Do not mail copies but bring them to the meeting. For your information: (1) original and one copy are for Dr. Jim Davis, Editor of the Proceedings, (2) three copies are for the Awards Committee, and (3) one copy for the Chairman of the Program Committee. Submit your manuscripts to the Program Committee Chairman sometime during the meeting or give all copies (original and five copies) to the moderator of your session - - the moderator will be instructed to give the copies to the Program Committee Chairman.
  5. Do not write or call the Program Committee Chairman regarding the program. Acceptance and place on the program will be sent to all authors in mid-July. The program will indicate the time of your presentation.
  6. There are no page charges for publication in the Proceedings - - the entire costs are borne by the Chapter. There are charges for reprints.
  7. COPIES OF MANUSCRIPT OR ABSTRACT FOR DISTRIBUTION AT THE MEETING - - Because of the rising costs of paper and distribution, some authors are optioning to bring only 50-100 copies of the abstract with a note attached that a limited number of copies are available to persons making a written request.

## INSTRUCTIONS FOR MANUSCRIPT PREPARATION

General Procedures. Manuscripts should be typed double-spaced on good quality of white bond paper (8½ x 11 inches, or 8 x 10½ inches) with margins at least one inch all around. Number all pages in upper right corner and do not staple or bind the copies required for the publisher.

Length of Manuscripts. Manuscripts should not exceed 25 typewritten pages in length including tables and figures. Papers of excessive length will be rejected.

Sequence of Contents. Contents should appear in the following sequence except non-research papers which may deviate on points 5 through 7.

1. Title
2. Author(s) and name(s)
3. Abstract
4. Introduction (including acknowledgments--Do not footnote acknowledgments)
5. Materials and methods (including description of study area)
6. Results
7. Discussion (may be combined with results if appropriate)
8. Literature cited
9. Tables
10. Figure legends
11. Figures

Style. General rules for preparation of copy (capitalization, abbreviation, punctuation, literature citation) are presented in *Council of Biology Editors Style Manual for Biological Journals* (American Institute of Biological Sciences, 3900 Wisconsin Ave., N. W., Washington, D. C. 20036). A recent issue of the *Journal of Wildlife Management* (after volume 36) or the *Transactions of the American Fisheries Society* will provide adequate examples of appropriate style.

Title. The title generally should be 10 words or less and descriptive. Avoid scientific names in the title.

Author. The name(s) of author(s) should be below the title at the top of the first page with organizational connection and city of residence following. Organizations should be identified by the title which most specifically identifies them, e.g., Department of Forestry, The University of Tennessee, Knoxville; Refuge Division, Bureau of Sport Fisheries and Wildlife, Atlanta, GA; Game Management, Florida Game and Fresh Water Fish Commission, Tallahassee. Indicate on title page which author should receive the galley proof.

Abstract. An abstract emphasizing major results or conclusions (no more than 100 words or three per cent of the article) should be written as a single paragraph preceding the introductory paragraph of the article and separated from it by a single line across the page.

References. References are grouped alphabetically by authors' last names under "Literature Cited." Follow a current issue of the *Journal of Wildlife Management* or the *Transactions of the American Fisheries Society*. Avoid citing unpublished reports or, if essential, cite parenthetically in the text. All references listed are to be cited in the text.

Tables. Tables should be understandable without references to the text and should not contain data shown in illustrations. Tables should be numbered consecutively (order of first mention) with Arabic numerals. Titles and box headings should be clear but concise. Type each table on a separate sheet 8½ x 11 inches, or 8 x 10½ inches. Put long tables on as many sheets as needed. Double space all lines, leaving at least one-inch margins. Omit vertical lines. Keep tables simple. Indicate on margin in text where tables should be placed.

Illustrations. Photographs must be black and white glossy prints, at least 4 x 5 inches in size. Charts should be neatly drafted in black ink on white paper. Typing and free-hand lettering on a figure are not acceptable. Identify each drawing or photograph on the back lightly with soft pencil (Smith, Turkey management in Florida, Fig. 1). Do not attach photographs to cards or sheets. Type figure legends on a separate sheet in paragraph form, double spaced, in sequence. Indicate on margin of text where figures should be placed.

Number of copies. The program chairman shall notify authors of the necessary number of copies of papers needed. Copies for the program committee and awards committee are usually mailed to the program committee chairman. Two copies (the original for the publisher and an extra for the editor) are given to the program chairman at the technical session. Glossy prints should be included in the original copy.

THE PROGRAM COMMITTEES MAY REJECT MANUSCRIPTS THAT DO NOT CONFORM TO THESE INSTRUCTIONS.

TEXAS CHAPTER  
AMERICAN FISHERIES SOCIETY  
HONOR AWARDS NOMINATION  
OUTSTANDING FISHERIES  
WORKER  
1980

---

Nominee (Mr., Dr., Mrs., or Miss as it should appear on certificate or plaque).

---

Nominated by:

---

Current Position of Nominee

---

Official Headquarters (City and State)

Nomination Category: Culture ( ) Management ( ) Research ( ) Education ( )  
Special Non-member of Member ( )

Basis for Nomination (why this person deserves the award).

Synopsis of employment in fisheries, related areas, education, awards or honors received, publications, or any other information related to nominee's achievements. (Not required for nomination, but this information could be helpful).
