TEXAS CHAPTER
AMERICAN FISHERIES SOCIETY

NUMBER 33

MARCH 1985

EXCOM MEETING

The executive committee met in Austin on January 18, 1985. Those in attendance were Maury Ferguson, Phil Durocher, Brian Murphy, Ed Schwille, Kathryn Palachek, Gary Powell, and Mike Zeman. Phil Durocher moved and Ed Schwille seconded to approve the minutes of the business meeting at Port Aransas as they appeared in the newsletter and to approve the agenda for this meeting. Motion carried. A quorum was ascertained.

COMMITTEE REPORTS

Advertising - No report. Ed Hegen will again serve as chairman.

Editorial - All papers for Proceedings 7 were received. They consisted of only four complete papers and the rest abstracts. There was a question of making the authors submit complete papers but the Committee agreed abstracts were sufficient if it was the wish of the author. The Fisheries Workers Directory was left out of Proceedings 6. Kathryn Palachek will make sure this is incorporated in the future.

Membership - Kathryn Palachek, chairman, reported that a table for membership brochures was arranged for the Annual Fish Farmers Conference. Also she will draft a letter to Universities in order to get assistance in keeping up with graduate students for prospective members. In order to avoid problems receiving membership brochures in the future a permanent mailing address was discussed but tabled until a stable, long time member will be approached about taking responsibility for receipt of the brochures. Brian Murphy made a motion to dispense with membership cards and Gary Powell seconded. Motion passed unanimously. Committee members are Alan Rudd and Alan Forshage.

<u>Publicity</u> - Maury reported that a report of the annual meeting at Port Aransas was submitted for publication in Fisheries.

Newsletter - The newsletter schedule was reviewed; one in March (would you believe delayed in the mail until May? - editor) and one this summer.

Awards - Gary Powell, chairman, discussed the selection process with the committee and in the near future will get the procedures of selection from past committee chairman Tom Linton.

Nominations - No report. Tony Maciorowski will be chairman.

Pond Management - Ed Schwille, chairman, thanked his committee for an excellent job in the preparation of the Assessment Manual. A total of 10 professionals reviewed it and an additional 10 private fisheries consultants will be sent a copy for review. Maury Ferguson motioned and Brian Murphy seconded to accept the publication on recognition of expert approval with the exception of allowing a two

week review by the executive committee members. Ed motioned and Mike Zeman seconded to pay an additional \$150 to the artist of the fish drawings. Both motions passed. Ed discussed distribution. SCS, Extension, and TFWD will pay for publishing and distribute the publication as they did for the pond stocking publication. The cover will be the same as the stocking publication but light blue. Ed motioned and Maury seconded that Ed make a presentation at the Fish Farmers Conference. Motion passed. Ed moved that the Chapter make a presentation of both publications at the Southeastern meeting. Maury seconded and the motion passed. The Pond Committee will list authors and decide who will give the presentation. The Committee decided that in the future the Pond Committee may want to evaluate the effectiveness of the first publication and revise it if necessary. Copies are available from TP & W and S.C.S.

<u>Urban Committee</u> - Phil Durocher, chairman, will make contact with Frank Schlicht from Houston Power and Light to arrange for a juvenile fishing day at the Baytown plant. A spring day would be the projected time of year to have the chapter sponsored event.

Program - Brian Murphy, chairman, described three potential locations for the 1985 annual meeting: Junction, San Marcos, and Brownwood. Ed Schwille motioned and Maury Ferguson seconded that the meeting be held at Junction on October fourth and fifth. Motion passed. It was agreed that the panel discussion will be on aquatic vegetation control. Gary Valentine will be approached to serve as moderator. Brian is developing a list of panel members from a varied group of landowners, TPWD biologists, fisheries consultants, fish farmers, extension specialists, bass club members, river authority personnel and others.

SECRETARY-TREASURER REPORT

The Chapter balance as of 1/11/85 is \$2,307.13. The Chapter still has not received a statement from the U. T. Marine Science Institute for dorm and meal fees. To date the Chapter has 146 members paid up.

OTHER BUSINESS

Maury Ferguson is continuing working to finalize the Chapter plan for support of a foreign worker from Mexico. She will receive a list of potential recipients soon.

Maury requested that Chapter members try to think of someone who would be interested in becoming the Historian/Archivist for the Chapter and letting her know.

Mike Zeman will check with Lang printing on the cost of printing more Chapter letterheads and envelopes.

An AFS Symposia clearinghouse was discussed. Brian Murphy will check to make sure that our meeting date doesn't conflict.

AFS certification was discussed. It consists of a two tier structure a) associate and b) full certification to certify students and professionals.

The Parent Society's National Resolutions Committee has requested the Chapter submit nominations of topics of environmental concern.

Also the Parent Society is taking a membership poll asking who's a Parent member and a myriad of other questions dealing with apathy. Maury will send a fisheries workers directory which has asterisks by the Chapter members' names that are Parent members, and she will address the questions.

The Parent Society's Governing Format Committee is studying student chapters and their operating procedures and any problems between them and state chapters. Maury will inform this committee of the relationship between the chapter and the Texas A & M Chapter.

Brian Murphy discussed the John Skinner memorial fund.

One final note was that operating manuals were completed for all Chapter committees.

The meeting was adjourned.

DIRECTORY UPDATING

We are updating the Texas Fisheries Workers Directory and need your help. The last version of the directory is included in this newsletter for your review. Please inform us of any additions or deletions from the list that we should be aware of. (Kathryn Palachek, P.O. Box 1996, Kerrville, Texas 78029).

NEXT NEWSLETTER

The next newsletter will be mailed in July. Anyone wishing to include an item in the newsletter, please send to Joe Tomasso by July 1 (Aquatic Station, Southwest Texas State University, San Marcos, Texas 78666, (512) 245-2284).

CALL FOR PAPERS

The annual meeting will be held in Junction on October 4 and 5. Details will be included in the July newsletter. The deadline for receiving abstracts of papers for presentation at this year's annual meeting will be August 1. As in the past, authors wishing to have their papers published in the Proceedings will be required to submit their completed copies of the paper at the annual meeting. Instructions for manuscript preparation are essentially the same as those used by the parent society for Transactions. Abstracts should be sent directly to Larry McEachron (Post Office Box 1717, Rockport, Texas 78387, (512) 729-2328).

CALL FOR NOMINATIONS FOR AWARDS

The awards committee is taking nominations for awards to be presented at the next annual meeting. Awards will be presented in four categories: culture, management, education and research. It was decided at the Port Aransas meeting that the awards committee would pick their own awardees if the membership failed to nominate individuals. Communicate your nominations to Gary Powell (512) 475-4344.

CALL FOR NOMINATIONS FOR OFFICERS

The nominating committee is taking nominations for president elect and secretary-treasurer (2 year term). The offices will be filled by popular vote at the Junction meeting. Please communicate your nominations to Tony Maciorowski (512) 972-5483.

FISHERIES GENETICS COMMITTEE

Bill Harvey would like to form an adhoc committee on fisheries genetics problems. Anyone interested contact Bill at the San Marcos State Fish Hatchery (2 mi. Staples Rd., San Marcos, TX 78666, (512) 353-0572).

CALL FOR VOLUNTEERS

Greyhound, the chapter and possibly the Outdoor Writers Association will sponsor a "kids fishing day" sometime this summer in Austin. Anyone wishing to volunteer or find out more about the event, contact Maury Ferguson or Phil Durocher (Texas Parks and Wildlife Department, 4200 Smith School Rd., Austin, TX 78744, (512) 479-4800).
